

The Brick Store Museum gathers our stories, encourages new dialogue, and fuels learning about local history, art and cultures.

Since 1936, the Museum's mission to provide informal learning opportunities to ages 1 to 101 continues through exhibitions, programs, events, tours and activities year-round. As a museum, we respect and value the work of all teachers. Your work has lasting effects on students' abilities to understand the world.

Because of your inspirational work, the Museum offers  
FREE memberships to all York County teachers.\*

Not only are our county's teachers the conduits of knowledge for the next generation of lifelong learners (and museum-goers!), but this small effort for teachers aligns with our commitment to community engagement, personal connections to history and providing museum access to every person.

Let's make history together!

Teacher Membership includes:

- + All the benefits of Individual Museum Membership (see website!)
  - + Access to the Educator's Hub with resources for curriculum & field trips
  - + Member Resource Portal with special programs, recordings and offerings
  - + Curriculum Kit Program (coming soon!)
  - + Invitations to Teacher Events at the Museum
- \* All educators: child care through Grade 12*
